

CCOHS – a trusted source

The Canadian Centre for Occupational Health & Safety (CCOHS) is Canada's national resource for the advancement of workplace health and safety. CCOHS promotes the total well-being - physical, psychosocial and mental health - of working Canadians by providing information, training, education, management systems and solutions that support health and safety programs and the prevention of injury and illness.

CCOHS is governed by a Council with representatives from employers, labour and governments and is committed to providing impartial and accurate information services.

C. Emergencies

Your plan for dealing with emergencies must identify situations that will activate your response plans. While some types of emergencies apply to all workplaces, such as fires, others are workplace specific.

Tools

- Emergency Planning - OSH Answers
- Emergency Management Checklist - OSH Answers

Samples

- Sample Bomb Threat Procedures
- Sample Evacuation Procedures
- Sample Fire Procedures
- Sample Pandemic Planning Checklist

Resources

- Bulletin # 220 - Workplace Safety and Health Program
- Workplace Safety and Health Regulation 217/06
- Workplace Safety and Health Act W210
- Workplace Safety and Health Program Guide
- SafeManitoba Website

Online management of your safety and health program

OSH Works™ is an online service that will assist your company in the development of an occupational safety and health program, or improve upon your existing program.

Developed in cooperation with the Workplace Safety and Health Division, Manitoba Labour and Immigration

Exclusive to Manitoba Companies

www.ccohs.ca

Meet and exceed regulatory compliance requirements set by the Manitoba Workplace Safety and Health Act.

"Manitoba companies will be able to use OSH Works to understand and meet the 11 core elements of a Workplace Safety and Health Program required for compliance with the Manitoba Workplace Safety and Health Act"

Don Hurst
Assistant Deputy Minister of
Manitoba's Workplace Safety and
Health Division

Exclusively from CCOHS, OSH Works:

- › is an online tool designed to help Manitoba companies develop, implement, and maintain a safety and health program in their workplaces.
- › provides the framework and necessary resource materials needed to understand and act on key occupational safety and health requirements.
- › promotes the continuous improvement of safety and health within your company.

Using OSH Works can help you to:

Demonstrate Due Diligence – OSH Works provides an overall structure to show what the company is doing to provide a safe and healthy workplace.

Engage All Workers – Managers, supervisors, and workers all understand their roles and responsibilities.

Facilitate Access to OSH Resources – Documentation such as policies, procedures, reports, records, checklists, etc. can all be found in a secure, central location.

Meet Manitoba Legislative Requirements – Information resources and guidance materials are included for each of the 11 Core Elements, ensuring successful implementation of a safety and health program.

The OSH Works Subscription includes all the tools and resources to get you started, including, but not limited to:

- Reference Materials
- Sample Documents
- Checklists
- Free e-Courses
